U. S. Board of Geographic Names,
Washington, D. C.

South Yolla Bolly

Aug 18/09

Dear Sirs:--

I wish to ask if your Board has ruled on the proper spelling of the name of the mountain range of California variously known as Yalla Bolly, Yollo Bolly, etc., and also the mountain known as Bully Choop in the same vicinity.

I have the third Report of your Board containing decisions 1890 to 1906, and also the supplement, July 1906 to July 1908. I do not find these names among the decisions.

Yours very truly,

A. M. Allen

Manager of the University Press.

August 18, 1909.

Mr. A. H. Allen,
Manager of the University Press,
University of California,
Berkeley, California.

Dear Sir:

In reply to your letter of August 12, 1909, I call your attention to "North Yolla Bolly" on page 20, and "South Yolla Bolly" on page 25, in the pamphlet containing the decisions for July, 1906 to July, 1908.

The name "Bully Choop" has never been referred to the Board for action. If you wish a decision made, and will send me your suggestions in regard thereto, I will present them to the Board at its next meeting.

Very truly yours,

Secretary.
